**WooCommerce & ACF:** WooCommerce (Cart/Checkout, Pricing Logic), ACF, Custom Post Types, Shortcodes, LMS

**Performance & SEO:** Core Web Vitals Optimization, Caching, Image Optimization, On-page SEO, Google Analytics

**Security & Ops:** Malware Removal, Server Migration, Hardening, cPanel, SSH, FTP, SSL/DNS

**Tools:** Git, Slack, Asana, Trello, SiteGround, Cloudflare, PHPMyAdmin

## EXPERIENCE

### WordPress Developer (Remote)

BluBird Interactive Ltd — Dhaka, Bangladesh | Jan 2025 – Jun 2025

- Owned multiple WordPress sites end-to-end — performance, stability, and security.
- Resolved complex Elementor, theme, and plugin conflicts with custom PHP/CSS/JS solutions.
- Migrated sites across servers with zero downtime and enforced security hardening.
- Delivered responsive front-end improvements aligned with design specs.
- Collaborated async with clients and teams via Slack and technical documentation.

### WordPress Developer (Remote)

Squarebird — Bristol, United Kingdom | Apr 2023 – May 2024

- Converted Figma designs into pixel-perfect, fully responsive Elementor layouts.
- Built custom ACF-based page builders for flexible, editor-friendly content management.
- Improved Core Web Vitals by optimizing caching, database queries, and front-end assets.
- Resolved plugin conflicts, layout bugs, and cross-browser issues efficiently.
- Partnered with marketing and design teams to deliver user-focused, performant features.

### WordPress Developer

Staff Asia — Sylhet, Bangladesh | Mar 2022 – Apr 2023

- Maintained and enhanced 30+ WooCommerce and LMS websites simultaneously.
- Built custom Elementor widgets and addons for extended design flexibility.
- Customized WooCommerce cart/checkout workflows and pricing logic using hooks and filters.
- Executed theme/plugin updates, security audits, and feature additions to match business needs.

### WordPress Developer

ExertPro LLC — Bogura, Bangladesh | May 2020 – Feb 2022

- Delivered custom features and Elementor/WPBakery builds for 40+ client websites.

- Extended Astra and OceanWP themes with reusable child themes and custom addons.
- Boosted site performance through caching, image optimization, and database cleanup.
- Managed server migrations, malware removal, cPanel/DNS, and SSL configurations.

### **WordPress Developer (Freelance)**

Web Expert Pro / Upwork — Rangpur, Bangladesh | Apr 2018 – Apr 2020

- Delivered 100+ WordPress projects for international clients — development, migration, and maintenance.
- Customized Divi, Avada, Flatsome, and Porto themes using child themes and visual builders.
- Configured on-page SEO, Google Analytics, Tag Manager, and Search Console.
- Provided clear technical support and client training to improve self-sufficiency.
